WHAT YOU ALREADY KNOW ABOUT HATZALAH. .

- -Hatzalah needs no introduction!
- -Hatzalah is not a quietly operating organisation!
- -Hatzalah is at the forefront of Stamford Hill's mosdos.

Every Yiddishe household has either used Hatzalah's selfless services or know a relative, neighbour etc. who has done so.

running is the

excessive

amount of ONE

MILLION POUNDS!

This includes ever rising

insurance rates, top of the range

equipment, keeping the

ambulances in perfect working

order, ongoing lectures from

experts which is compulsory for

each member's ongoing

training. All this accumulates to

WHAT YOU DON'T KNOW ABOUT HATZALAH...

Hatzalah isn't just a group of energetic yingeleit who use their limited medical knowledge to dapple in refuah, helping out their kehillah.

Their work doesn't begin with the fluorescent gilets and bulging first aid kits which we've all become familiar to.

Hatzalah is a professional ambulance service of the highest degree. It's no secret the depth and understanding each Hatzalah volunteer has worked for and been tested on for countless hours until they reach the stage of actually handling patients.

Nor do they settle with the 'basics.' They are in continuous training to be able to handle each 'call' in the best way possible.

We can all conjure up the image; heavy yellow ambulances, blue lights flashing, sirens blaring, winding through the Stamford Hill traffic to reach its destination. We might stop for a quick Kapital of tehillim...

BUT, does the regular Stamford Hill resident know what goes on behind each call?! For the efficiency, professionalism and s mooth running of an organisation where 'every second counts'?! In order for Hatzalah to function there are constant trainings, meetings, courses, official certificates which each member has to earn in order to be able to operate. This includes documents from the Health/Medicine Ministry, Ambulance Service, Health and Safety checks to name but a few.

The annual cost to keep Hatzalah running is the excessive amount of ONE MILLION POUNDS!

All the above accumulate to astronomical sums for each volunteer, just so that Hatzalah can operate.

We have b"h reached a standard where the Government, Hospital and Health Department are extremely impressed with our state of the art, up to date ambulances and equipment.

It's no secret that documents, certificates, courses, equipment are ever evolving and need updating to keep up with all the necessary requirements.

The annual cost to keep

a fortune!

Bisyate dishmaye, £400k is received through the direct debit of our chusheve kehillah, who signed up for the £2.50 (or more) a week.

באי R' Benji Stern and R' צדקה; R' Benji Stern and R' Yechiel Grunberger, who tirelessly collect from donors on a daily basis l'tovas Hatzalah.

For public information: however much we've tried over the years to receive funding/grants, we've unfortunately continuously been refused.

Up to this point we've given you a 'peep' into the budget of a regular year in Hatzalah.

This is excluding costs of new ambulances or the Binyan Hachaim - the ongoing planning and building costs keep rising...

SO, WHAT DO WE WANT NOW . . . ?!

Let's turn the clocks back to 5739 - the year when the indefatigable Harav R' Chaim Elya Kerenkraut shlita, together with a group of likeminded chusheve yirei shomayim founded 'Hatzalah of Stamford Hill'.

Realising what a necessity of pekuach nefesh this was for the kehillah, they trained in a First Aid Course ready to be the 'First Response', providing vital, life saving aid until a 'London Ambulance' would arrive to escort the casualty, when necessary to hospital.

The world was not as medically advanced as it is today. As time moved on, Hatzalah moved with the times, becoming more sophisticated and training volunteers on higher standards to ensure בעזהשי"ו the best outcome.

It was a long journey until Hatzalah became the professional ambulance service it is today. Today every member is a fully

fledged BLS (Basic Life Support) volunteer. In simple language this means that each and every Hatzalah volunteer knows the who, what and when in every life-threatening case - ("ה), the fine line of knowing what to do and what not to do!

In addition to BLS, each member has trained to

a higher level of BLS, known as FREC4, where they are able to confidently handle many more intricate medical emergencies.

From its inception as First Aiders to registered BLS volunteers, Hatzalah must now ascend to PHASE NUMBER 3!

As mentioned above, all Hatzalah volunteers are BLS members. However, there are an increasing amount of more complex calls to which BLS are not eligible to respond to. In such a situation one has to be an ALS (Advanced Life Support) which is in the realm of a paramedic.

Up to date no member of Hatzalah is a paramedic which is causing an approximate amount of 6 calls a week, where Hatzalah members stand by helplessly, having to wait for a London Ambulance Service (and accompanying paramedic) to arrive at the scene. It is self-understood how many precious minutes are lost,

whilst priceless Yiddishe lives are hanging...

The Hatzalah committee decided unanimously, as a matter of pikuach nefesh, that a team of our heimishe members have to fill this void. This is where the problems began to set in; the lengthy two-and-a-half-year course of intense study of medicinal training and 'hands on' can only take place in college, which is obviously not the appropriate environment for a heimishe yingerman.

After lengthy research, Hatzalah heard about a one-off opportunity, which expires in 2024, whereby students can complete the course 'offsite' without entering the secular environment of a public college. In order to 'chap arein' this rare opening, several dedicated members immediately subscribed for the course.

These volunteers have selflessly given away hundreds, if not thousands of hours over the past couple of vears. They've endured long hours of intense training, given up countless days of work. They've had to accompany local ambulances on calls, spend many nights in hospitals including being away from home 5 consecutive nights on many occasions. Additionally, each member has had to work many weeks in A&E to witness close up how to handle each

NEW PARAMEDICS!! WHAT DOES THIS MEAN FOR HATZALAH??

Besides for the massive milestone Hatzalah has reached, having local heimishe yingerleit as fully-fledged ALS responders, the strain this has put on Hatzalah's budget is incomprehensible!

To train each member reaches astronomic sums, in total training end equipping the group of paramedic's costs for Hatzola over £350,000!

Consequently, the insurance continuously rises at an increasingly alarming rate.

Additional expenses include individual safes with specialised medicines so no unlicensed person should be able to have access.

Further protocol was having to employ a new 'Clinical Lead' for the ALS department.

Additional £350k, besides the £1million annual running total of Hatzalah! Extra costs accumulating include the ongoing planning demands for the town's long awaited Binyan Hachaim!

6 NEW MEMBERS, WHAT DOES THIS MEAN FOR HATZALAH?

To keep up with our high standard of care, we've therefore recruited 6 new volunteers, so that no call, no matter its urgency will be attended by one of our dedicated members - this is Hatzalah's aim and goal; not to leave a call without a member attending the scene

These 6 new members have gone through the sophisticated trainings

and courses as all our members have undergone, the procedure of 'becoming a Hatzalah member' involves 18 months of extensive training: this includes general trainings, observation at calls, and thereafter attending only as a second member which follows by being able to arrive as a backupmember only then after fulfilling all these

chapters can one finally be recognized as part of our team.

But, bringing into action 6 new members is a huge cost for Hatzalah the training and equipment costs £15,000 per member a total of £90,000 for the 6 members.

These members will very shortly be on our local streets ready to fill the void.

HATZALAH IS EXPANDING WITHOUT TURNING DOWN A SINGLE CALL. . .

It's been against our ethos and the principles which we hold high, but unfortunately, Hatzalah has had to recently deliver advice over the phone for relatively minor calls. We don't want to refuse an incoming call by not dispatching a Hatzalah member.

Boruch Hashem, Stamford Hill has expanded tremendously, but we want to be there for every member of our kehillah, no matter how non-urgent the call might sound. At the other end of the line is a distraught parent, child or neighbour who might just need reassurance and will be calmed when a familiar 'Hatzalah clad volunteer' arrives at their door...

ועכשיו באו חשבון WE NEED THE HELP OF EVERY STAMFORD HILL FAMILY

We are NOT intending to launch a campaign and haven't announced our annual campaign for the past 6 years due to the £2.50 direct debit most of our kehillah has set up, as well as having employed an energetic fundraiser Reb Yoseph Duvid Genger.

BUT, we are in a Situation of huge debt, where our continuous expenses have reached astronomical sums, which are way beyond our budget.

STAMFORD HILL - We appeal to you, a community of renowned chesed.

Please, each and every one of you, take a share in this opportunity to help Hatzalah reach financial stability.

We want to be here for you 24/7. We don't want to chas veshalom let a single member of our kehillah down.

We beseech each and every chusheve member of our community. We are all part of one beautiful kehillah - 'אל תפרוש מן הצבור' - bachdus, let us all donate 'Byad Rechovoh' the sum of £100.

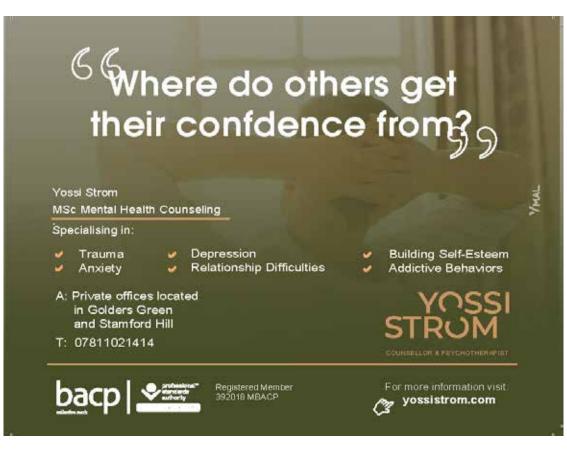

Our dedicated askanim will Bez"h be circulating all local Botei Midrashim, throughout all minyanim.

Become a partner in our life saving mission and the רבש״ע should help that we should all be געזונט און און שטארק

Dear Mechutonim

We have a guest flat which we give out free of charge for your guest. As you can imagine we are booked well in advance and have to refuse many other mechutonim. Invariable the rooms are not needed, and in many instances we are not even informed that they will not be used. This leaves us with an empty apartment when there were so many בעלי שמחות who would have loved to use them.

Dear Mechutonim, please give us your suggestions how to overcome this problem so that the rooms can be used by so many who end up paying high rent for their guest, which they really cannot afford.

Please send us your suggestions through this forum.

Thank you

Dear Neighbour

Ball games, skipping and Scooby are garden games!

It is very disturbing to your neighbour living below you (and all neighbours in the block) when your daughter is playing these games above their head.

You don't know what your downstairs neighbour is doing at any time of the day, it could be she is trying to relax or is putting her baby to sleep, when your child's ball bouncing or rope jumping is disturbing her.

Dear Readers

AWARENESS

There have been regular incidents over the last few weeks, of an elderly innocent looking man with a walking stick, intentionally falling on travellers on the 253/4 bus route, resulting in inappropriate physical contact.

This is happening specifically during the hours that girls and teachers are heading to and from school. Many reports have come to Shomrim and Police, but there are limits to what they can do, to curtail these incidents. Being alert and tefillah to protect kedushas visroel, is vital.

There have also been govishe perpetrators active on this route too. They are using varying techniques to make physical contact. If this is happening, moving over right next to the bus driver's area, could provide relief. Making a note of the code of the bus and the time of the incident, will provide CCTV evidence if reported

Dear Neighbours

Thank you very much for opening the door with a smile, each Friday, when my boys come round collecting for Tomchei Shabbos. An occasional sweet wouldn't hurt, but it has gone out of hand.

Some weeks they come back with 10 different lollies, toffees and more. So, please keep yourself back, (I know it's hard to resist, they are so cute), and leave the sweets out or give only occasionally.

You can bear in mind also that these children get nicely rewarded by Tomchei Shabbos every few weeks.

Thank you very much.

Dear Editor

Please allow me to use your column to give credit where credit is

My mother in law ע"ה was זוכה to אריכת ימים and was נפטר recently just short of her 100th birthday. Fiercely independent and always helping others, she nevertheless required care during her final years.

Our קהילה is blessed with a

proliferation of חסד organizations, each of which are keen to assist individuals and their families in need.

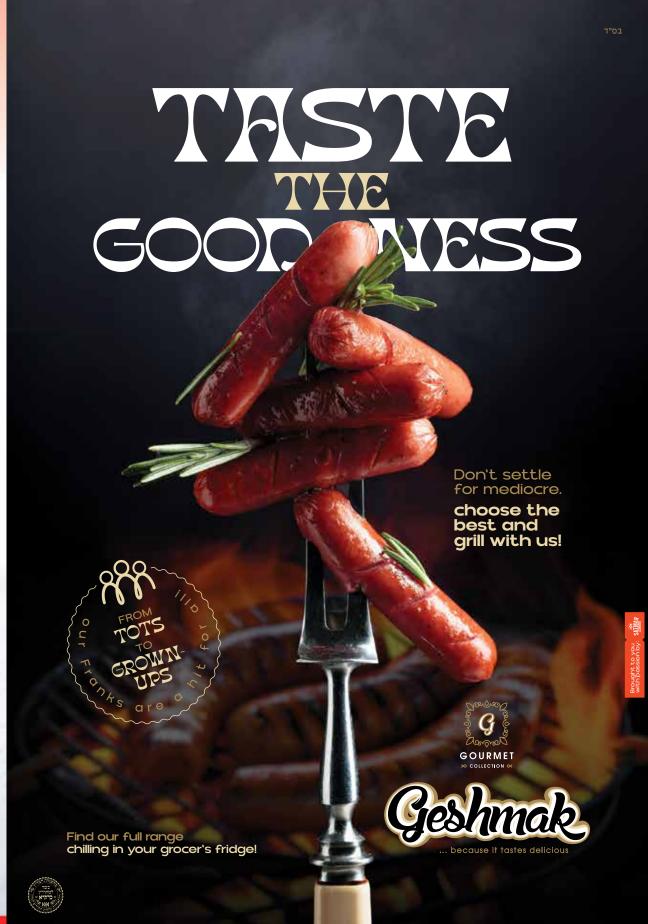

I would like to acknowledge the most dedicated service we received from North London Bikur Cholim. Founded some fifty to sixty years ago by members of Rabbi Dr Schonfeld's then fledgling community, it has never ceased in its mission to help those in need, kindly and so discreetly. During the last fifty years, the organisation was managed unassumingly by Mrs Caroline Joseph and Mrs Judy Hager and continues its legacy under one amazing Mrs Devoiry Eizensweig with her most loyal, supportive and CL dedicated team Mrs H. Benedikt, Mrs E. Emmanuel, Mrs B Gross, Mrs R. Levy, Mrs S Schreiber, and many more. North London Bikur Cholim has been an anchor and source of support to our family and to many others, with all types of help; excellent dedicated carers, as well as medical, emotional and financial support.

They also helped us access substantial funding from AJR (Association of Jewish Refugees) for extra medical care that my mother in law required which literally sustained her over her last years.

Their operating modus has always been to shun acclaim and publicity. Beneficiaries and service users come to the organisation by personal recommendation, word of mouth, and referrals from the local authority. Their trademark has always been with warmth, caring and practical assistance.

As a genuinely grateful beneficiary of North London Bikur Cholim's services, I feel it my duty to express my deep הברת הטוב and those of our family, to their wonderful selfless staff who do so much behind the scenes. May they be נחת with געבענטשט with נחת and good health for themselves ייהי שכרם שלמה מעם אבינו שבשמים

Tehillim Brings Chani Her Dream Job

My daughter, Chani,* was always a happy child. But at age 22, her good-natured disposition was clouded over by her difficult life experiences.

For more than a year, she was looking for a job – unsuccessfully.

We live in Toronto, Canada, but Chani wanted to work in New York, where she felt she'd have better options when it came to shidduchim. In the meantime, she had no shidduch and no job. All that she did have was the empty abyss of plummeting emotions

Sadly, I watched as Chani grew more and more bitter, the balloon of her contented sense of self deflating from day to day. It pained me to the core. I couldn't handle watching her suffer, with no hope in sight. I davened to Hashem for her to be helped. Clearly, Hashem heard my tefillos and popped the right idea into my head.

From time to time, when I had a moment to flip through the local papers, I noticed the **Tehillim Kollel** stories, but I never paid attention to them. I'd just turn the page and continue on. But in my current state, as I leafed through the circular, **Tehillim Kollel's** column popped out at me, like a message from Above, "Call **Tehillim Kollel**. All you need now is warm, heartfelt tefillos."

I put my plan in action, and called in with my daughter's name. Ten days later – you heard right – exactly ten days later, Chani landed a job. It was an amazing job, so suited to her capabilities, and it was in New York. All in all, it was exactly what she was looking for!

Over the next few days, I was elated to watch as Chani became a new person. Infused with a hopeful air, she was back to the happy and content child I knew her to be. We continue to daven that the next phase arrive soon, and we merit seeing her walk to the chuppah, bringing us and Hakadosh Baruch Hu only nachas.
